

OF THYOLO NONM CHAPTER

By Ken Kawonga

o one can talk about the history of nursing without mentioning Nightingale. Florence was the founder of the nursing profession.

On 12 May every year nurses celebrate in memory of her remarkable contributions to the profession.

On this day, this year, Thyolo NONM chapter just like other chapters sent eight delegates to Lilongwe for the national gathering, whose accommodation and transport expenses were taken care of by management after proper dialogue and understanding between NONM leadership and management. **Apart** from coming up with two best nurses this year, Thyolo Chapter MONM also scooped an award as the Innovative MONM branch of this year, 2022.

NONM TALKS REFORMATION

he National Oragnization of Nurs- era." es and Midwives of Malawi (NONM) has expressed desire to turn things around in the nurs- many issues that the ing and midwifery profession to bring back the profession's old glory and reputation. Speaking in an interview in Lilongwe at the International Nurses' Day Commemorations,

NONM president, Shouts Simeza, said NONM is aware of the misconducts that nurses and midwives do at times and they want to make things right.

He said: "In as much as the theme this year is talking about investing in ta who was the guest of nursing and midwifery but we also appreciate that we have these professional and ethical issues that are limiting us to reach out to authori-

ties, the public, etcet-

"Use of phones is just one example of misconducts but we have so public has raised including the way nurses put on uniform, that nurses sleep on duty during night shift, etcetera," he added.

According to Simeza the International Nurses' Day Cerebrations were done like a conference this year because they wanted to discuss malpractices done by nurses and midwives themselves that are tainting the profession.

Professor Address Malahonour at the event concurred with Simeza saying nursing and midwifery is not just another job but a calling.

She said: "We also

PAGE 1<<NONM TALKS REFORMATION

We need to regulate the profession— Malata

these professional and ethical issues are limiting us to reach out to authorities— Simeza

talked about investment into regulation. We need to regulate the profession, what nurses do. The way they look after patients. There are alot of complaints out there and I pleaded with the nurses to know that they are there to look after patients, to look after families and therefore they need to guard their ethics. Professionalism is very important; the way they speak, the way they act. Even just a simple smile is very important."

"So, it means those of us who are in the academia should actually look at issues of ethics and professionalism in a critical way because attitude matters. It's not about the quantity of nurses but quality, more particularly in the way these people look after patients and the nation as a whole. They should be those type of nurses that people should say, I will go to this facility because the nurses and midwives have a caring attitude."

According to a communication which NONM Magazine has seen the International Nurses' Day Taskforce and other stakeholders will continue meetings to work on the action points to achieve the desired end. The International Nurses' Day this year was cerebrated under the theme "Nurses: A Voice to lead – Invest in Nursing and Protect Rights to Secure Global Health."

WHAT MADE US WIN?

Nurses meeting and peer to peer campaign.

The district has vibrant Care of Carers program which indirectly attracts interest of nurses to join NONM.

The district has a strategic plan which auides its activities.

It is also able to host nurses' annual events e.g. (get together party)

On IGAs, the district branded shirts which are unique for the district which are sold apart from selling other NONM branded items

Thyolo NONM chapter successfully managed to lobby for support from wellwishers to a patient (an orphan with multiple medical condition) who is now doing fine.

We have also managed to re build the rapport with DHMT in working together to achieve a common goal which is patients.

Feedback and way forward

We are very excited to have received the most Increased membership from 38-80% within a innovative branch award, all of us as branch year. Thyolo district uses different plat- members and DHMT. Executive resolved to reforms to recruit members; CPD, General spect district policy on how to handle the trophy. By default, all trophies are the property of the office of the DHSS. We therefore had handover ceremony of the trophy to Thyolo DHMT. The trophy is currently being kept by DHSS office but later will be kept in the Matron's office.

Presentation of the trophy to DHMT (Branch Chair - K. Kawonga handing over the trophy to achieving good welfare of all nurses and the DHSS-Dr A. Jumbe, far Lt is PHSA-Mr. Phiri and far RT is DNMO- Mrs Gausi)

HIGHLIGHT OF THE 2022 IND THEME

"NURSES: A voice to Lead-Invest in Nursing and respect rights to secure global health"

The system as a whole should invest in nurses and midwives, provide better working conditions, better salaries so that nurses and midwives are motivated. Nurses and Midwives have the right to Personal Protective Equipment (PPEs). Securing global health refers to universal coverage which include accessible, affordable and quality health. Nurses and midwives are a force to reckon with. A nation cannot achieve universal coverage if nurses and midwives are not at the center of it all, therefore additional nurses and midwives need to be recruited.

Shouts Simeza
NONM President
